THE "OIL BELT" THEORY.

SCRUBGRASS OIL FIELDS.

THE BURNING WELL, &c., &c., &c.

Special Correspondence of Pittsburgh Commercial.
SCRUBGRASS, VENANGO COUNTY, August 4, 1868.

The theory of the reservoirs of oil existing only in belts, having a uniform direction, was advanced at least three years ago by practical operators. Subsequent events, in the shape of successful development to given courses, established from productive localities, gave ample proof of the correctness of the theory, up to the present time, when it is accepted by all operators as a fixed fact. The general bearings of the oil belt or belts, for I am not at liberty just yet to limit the number, is northeast by southwest. It is true, that in certain localities the direction assumed by operators may vary a trifle north of east, or south of west, but not sufficient to base a plausible argument on against the first position assumed. It is an assured fact in favor of the oil belt theory that the wells this season located with a strict reference to the correctness of the same have yielded a greater per centage of paying or productive ones than when located without, as in the first and several subsequent years to the first discovery.

The belt is traced by the best of all evidences, productive localities, from Tidioute, on the Allegheny river, thirty-five miles above Oil City, to the valley of Oil Creek, by the way of Enterprise, Pleasantville and Shamburg, to Pioneer. This is taking the most direct route. Those who prefer it can go by the way of Titusville, oil being first struck in that vicinity in paying quantities by Colonel Drake. From Pioneer the belt is traced along the valley of Oil Creek to Shaffer and Charley Runs, near Oil City, striking the Allegheny just below Franklin, thence along the river to the Foster Tavern, Scrubgrass, Barker's Landing, Brady's Bend, Tarentum and Western Virginia, which is as far as we care to trace it. We cannot determine as yet whether such localities as Cherry Run are separate belts, or outlets, or estuaries of the main one. Oil is not found in all localities in this general direction, even when located by general direction of good producing wells on same. In such case the operator can, if so disposed, console himself with the assurance that he is not exactly on the belt, or if he is, the oil, for some unaccountable reason, has failed to locate itself in the precise spot where his drill has penetrated. We have thus, in brief, endeavored to give a general idea of the "outlet" theory upon which oil operators now base their operations.

SCRUBGRASS.

The Scrubgrass oil field is twenty-three miles below Oil City, on the Allegheny river. From Oil City the entire distance partial developments have been had, many of which were commenced in the early years of the oil discovery. Kooner and the adjoining farms, and Foster's, have been and are still good productive localities. But little is being done at any of these in the way of development. We were unable to get the precise date of the commencement of operations here, owing to the absence of the superintendent, but can state that developments on an extremely limited scale have been in operation for several years past. Operations are confined at present mainly to the McMillan farm, on east side, belonging to the McMillan Oil Company, of Philadelphia, and to the Wilder farm, just opposite, and to Belle, or what was formerly known as Scrubgrass Island. Scrubgrass creek empties into the Allegheny at this point. There are some twenty or thirty wells producing at present about 450 to 500 barrels per day, averaging all the way from five to 175 barrels per day. Well No. 10, struck some two years ago, produced at the rate of 450 barrels per day. Mining operations are now being extended to the bluffs on each side of the river. Average depth of wells on the flat 500 to 600 feet; on the bluffs 700 to 750 feet. The third sand rock is here from fifteen to thirty feet in thickness. The producing locality does not appear to be circumscribed to any particular limits. Indications are favorable for a large oil field at this point. Wells are put down cheaply, and the locality is extremely quiet, and free from the unhealthy excitement that prevails at Pleasantville and other places. The Allegheny Valley Railroad runs through the center of the producing field, furnishing ample shipping facilities. Scrubgrass is a small village, consisting of a hotel, the Sheriden House, kept by Mrs. Mackey, where a "square meal" is furnished at a moderate price, a few stores and a post office. It is surrounded by a good farming country. The principal towns of the neighborhood are Clintonville and Kennerdell's Mills. At the latter place are two flourishing woolen factories. Kennerdell's Mills are located upon Scrubgrass Creek; said to have a fall here of sixty feet to the mile, affording excellent water power. Kennerdell & Co. are now putting down two wells on the creek, between their factories and its mouth, a distance of about two miles, with excellent prospects. As a proof of the profits accruing from fortunate oil investments, a fair sample is furnished here at Scrubgrass. A few years since a company of twenty gentlemen made in this locality an investment of twenty thousand dollars. Their daily income at this time from the investment is twelve hundred and fifty dollars, thus paying once and a half over the original investment each month. No other business offers the chance of making money so rapidly, and we regret to add, losing it too. The blanks are by far more numerous than the prizes, but the aggregate profits by far exceed those of any previous mining business.

We found the operatives here an exceedingly clever set of gentlemen. Among the principal ones are Messrs. John Cain, Hiram Swift, A. M. Kooner, George S. Thomas, Ridgeway, Squires & Co., Cems & Son, Baum & Bartle, King & Co., and Harry Pike & Co., of Franklin; P. Hanes, of Reno; J. C. Fawcett, of Pittsburgh; C. D. Angell, of Forestville, Superintendent of Belle Isle Oil Company; Kennerdell & Co., of Kennerdell's Mills, and Jas. Young & Co., of the McMillan Oil Company. The torpedo has been used in the wells along the Allegheny with signal success, having more than doubled their aggregate production in the last few weeks. The total production of the Allegheny oil field, from Franklin to Barker's Landing, is estimated at 1,000 barrels per day.

THE BURNING WELL.

This well was struck in the winter of 1865; is some three miles above Scrubgrass, a few rods from the railroad. An excellent vein of oil was here found at the depth of 650 feet. It took fire at the time it was first struck, from all we can learn, and has been burning ever since. The flame is projected to the height of several feet, and is as clear and steady as a gas-light, which it not only resembles, but really is. The surface of the ground surrounding it presents no unusual appearance. Many attempts have been made by the owners of the well to put out the fire, but without success. They have succeeded in smothering the flame for several days at a time, but it broke out in several other places immediately surrounding the well and even in the river. The gas takes fire as it reaches the surface. There is no evidence of an internal fire. It is simply nature's lamp, burning without a wick, and its proprietors are not vexed with gas bills. It is a wonderful phenomenon.

Pleasantville oil field still holds its sway and the excitement shows no let up as yet. As I stated before, the production for July shows no material increase. A larger amount of development will be shown for the present month and a greater number of wells. The oil market continues firm. RALEIGH.

CITY MATTERS.

THE Allena May, of the people's Line, will resume her trips for Monongahela river ports this afternoon, at five o'clock.

OLYMPICS AGAIN SUCCESSFUL.—The Olympics, of Pittsburgh, and the Forest City, of Cleveland, played a match game of base ball in the latter city yesterday, which resulted in a victory for the former by the following score, Olympics, 31, Forest City, 22.

AN OLD CANARY BIRD.—Mr. Levi Springer, residing at No. 1,677 Penn street, had a canary bird in his possession which died on Wednesday night at the extreme age of eighteen years. The bird was raised by Mr. Springer who is ready to vouch for its age. The bird sang until about a week previous to its death.

FELL OUT OF A BUGGY.—A man whose name we could not learn, met with an accident while on his way to the picnic at McFarland's Grove, yesterday. While driving along the pike near East Liberty his horse shyed and he was thrown out of the buggy, dislocating his knee, besides which he sustained some severe bruises.

A NUISANCE IN BIRMINGHAM.—The people of Birmingham complain greatly of a nuisance in that borough. The alleged nuisance consists of a soap and candle factory on the bank of the Monongahela, in Saw Mill Hollow, the stench from which can be smelled far and near. It emits a very sickening odor.

ROAD COMMISSIONER APPOINTED.—The Committee of City Councils on Roads have appointed Mr. James Woodrow Commissioner for the Third District, vice John W. Young, who disappeared some time ago with nearly $2,000 of the city funds. The whereabouts of the missing man has not been ascertained.

PEDESTRIANISM.—It was announced that a gentleman named Napoleon Young would walk a hundred miles in twenty-four consecutive hours at Oakland Park yesterday. As a matter of course a large crowd visited the Park, and they were disappointed to find that "the walk" did not take place, as the proprietor of the Park would not permit the walking in the night for fear that it might raise a disturbance.

HELD TO ANSWER.—Several days since a young woman named Ellen McFadden preferred an information before Justice Davis, of East Liberty, charging a young man named Martin Kline with assault and battery with intent to commit a rape. The prosecutrix was somewhat bruised in defending herself in the attack made upon her by the defendant. Officers McGrady and Cochran, of the Mayor's police, arrested the accused, who was held to answer the charge at Court.

The Reformed Presbyterian Synod of the Pittsburgh Presbytery.

The Pittsburgh Presbytery of the Reformed Presbyterian Church, at its meeting held June 15th passed the following, among other resolutions:

That this Presbytery, maintaining our long established and well understood position, and endeavoring to carry out their principles, order, discipline and government as heretofore, do hereby suspend our relations to Synod until the aforesaid action be rescinded, or until we obtain further light, and in the meantime we remain in the Reformed Presbyterian Church—maintaining and endeavoring to develop her glorious principles, &c."

Dr. Douglas, the Rev. Mr. Alford, and the Rev. Robert Stevenson, and a number of elders who disapprove of the action of the Pittsburgh Presbytery, subsequently met and organized another Presbytery, claiming that it is the true Pittsburgh Presbytery. The Rev. Thomas Johnston, in an address to the churches under the care of the Presbytery of Pittsburgh, says of this movement of Dr. Douglas: "The only result of an attempt to carry our people in this way will be to raise the standard of division and hostility in all our congregations, and so hasten the death of our Church so hopefully begun by the late Synod of Pittsburgh."

Fight in the Tenth Ward.

About seven o'clock last evening two Irishmen, names unknown, had quite a fight on Penn street, in the Tenth ward. The two fellows boarded with a Mrs. McCarthy, in the ward named, and, after supper last evening, they quarreled. The quarrel was first commenced in the house, but after a time they got out upon the pavement. Here the fight commenced in real earnest, and with such a determination was it kept up that a crowd of three or four hundred was gathered to the spot, and for a time quite a lively conflict ensued. Each blow fell sure to the mark and when at last the police interfered and separated the combatants they presented a sorry looking spectacle. Their nasal organs were very much swollen, while their beautiful countenances bore a horrible look. The policemen only succeeded in capturing one of the disturbers of the peace, the other putting himself to flight as soon as the police made their appearance. The one arrested was locked up.

Alleged Robbery.

Bridget McFadden made information before Mayor Drum, of Allegheny City, charging Mary Roberts with the larceny of sixty dollars. Mary was formerly employed as a domestic in a family whose residence is on Church avenue of that city. Some days ago she was discharged and Bridget McFadden hired in her stead. Mary did not take all her clothes with her when she left the house, and after Bridget had been installed in her new place, Mary called for the remainder of her clothing. She went alone to the servant's room, where she proceeded to pack up her wardrobe. After she had gone, Bridget discovered that a pocket book containing sixty dollars, which was in the pocket of a dress belonging to her, and which was hanging in the servants' room when Mary went there, was gone, and she accordingly made information against her, suspecting that she had taken it. The accused was arrested and held for a hearing to-day.

In Limbo.

About a week ago James Carr made an information before the Mayor, charging James Crain with surety of the peace. Crain formerly worked for Clair, but for some unaccountable reason he quit work and demanded his pay. Clair refused to pay him until pay day came round, but this did not suit Crain, and he informed the former that if his wages were not paid he would have the worth of it out of his hide. Meeting him some time afterward Clair requested Carr to accompany him to the river bank where the "duel" would take place. This Carr refused to do, when Clair informed him that he would have to do or die. The prosecutor did not feel inclined to do either, and going before Mayor Blackmore he made an information for surety of the peace. A warrant was issued but the accused managed to keep out of the way until last night, when he was captured and placed in the lock-up.

The Prison Library.

A suitable book case has been purchased for the county prison, and already there is a small but suitable selection of books contained in it, some of which were obtained from the United States Christian Commission. Labels have been put in the books by Mr. McLaughlin, the labels being furnished by Hon. R. Errett. Alfred Caldwell, City Missionary, asks for contributions of books from the Christian public, superintendents of Sabbath Schools and pastors of the two cities, confident that there will be a liberal response. Contributions of books or money may be sent to the residence of the agent, Rev. A. McLaughlin, 50 Federal street, Allegheny, or if notified he will call for them; or to the President of the association, Robert Orr, Esq., 25 Fifth street, or the Treasurer, Mr. J. D. Carlisle, 19 Fifth street, or any member of the Society.

Sad Accident—Little Girl Drowned.

About three o'clock yesterday afternoon, a little girl six years of age, daughter of Michael Ent, of Brownstown, was drowned in the Monongahela river at Brown's Landing, near the foot of Brown street in that borough. It seems that the little girl in company with several companions of about the same age, were playing on some rafts moored in the Monongahela at the place above mentioned, when she accidentally fell into the water. She sank immediately, but rose to the surface again in a short time and called for help. There being none at hand, the little thing sank again to rise no more. Search was made for the body, but up to last accounts it had not been recovered.

An Explanation.

[From the Pittsburgh Chronicle, August 6.]

In the bankruptcy case of John D. Grey, which we noticed lately in the proceedings of the United States District Court, we find injustice was done to Mr. Grey by saying that he had any intent to delay his creditors. The affidavit of the act of bankruptcy alleged in that case, does not say anything about such an intent on his part, and we are informed by the best of authority that the deed of assignment was made by Mr. Grey at the request of a majority of his creditors, and not of his own motion or device, and it was made for the benefit of his whole creditors, without exceptions.

Arrest of the Notorious John Stuart.

The notorious John Stuart, who figured so extensively in this city and vicinity in a publication headed "The Sworn Statement of John Stuart," a few months since, was arrested about ten o'clock last evening at the corner of Webster and Roberts streets on a suspicion of larceny. He had in his possession a car sale which, judging from appearances, had been stolen from the Pennsylvania Railroad. He was placed in the lock-up and will have a hearing to-day.

TENTH WARD VIGILANCE COMMITTEE.—The Republican Vigilance Committee of the Tenth (formerly part of the Fifth) ward consisting of Charles Beck, John H. Jones, Robert L. Graham, Dr. Henry Manchester, David Thompson, Andrew Lees, Wm. H. Rutledge, William Brown, William J. McCluary, and David Wilson, met Wednesday evening, at the office of Dr. Manchester, No. 633 Penn street. Wm. J. McCluary was called to the chair, and Robert Graham acted as Secretary. On motion a committee of seven composed of the following named gentlemen were appointed to make a canvass of the ward, and report the names of the ward desirous of serving on the Vigilance Committee: Dr. Henry Manchester, William Brown, Robert Graham, Andrew Lees, John H. Jones, Robert Hosie and George Crowther. On motion adjourned to meet at the same place on Saturday evening next, August 8th, at half past seven o'clock.

CINCINNATI VS. ALLEGHENY.—The Cincinnati Base Ball Club, of Cincinnati, Ohio, will arrive in the city to-day, and to-morrow they will play a game with our champions, the Allegheny Club, at Union Park. On Monday afternoon they will play a match game with the Olympics, who are at present on a western tour, but are expected home before that time. The Cincinnatians have conquered all competitors, and our Alleghenies will have to look well to their laurels. There will doubtless be a great crowd in attendance on the occasion. This will be one of the most exciting games of the season, as the Cincinnati Club is the best in the Queen city. On their upward trip the Cincinnatians will be greeted with the Allegheny Club.

FIFTH WARD, ALLEGHENY, GRANT CLUB.—There will be a special meeting of the members of the Grant Club of the Fifth ward, Allegheny City, on this evening at 7½ o'clock, for the purpose of continuing the enrollment of members. Every Republican voter in the ward is earnestly requested to be on hand prepared to sign his name to the roll. The following are the officers of the Club; a better or more responsible organization could not be effected: Hon. John E. Parke, President; Joseph Walton and Alexander Patterson, Vice Presidents; C. Townsend, Secretary; George J. Parkin, Treasurer. The different committees will be appointed to-night. Meeting to be held at the old school house, corner of Fayette and Chartiers street.

AN INSANE MAN COMMITTED.—Officer Bruner, of Mayor Blackmore's police, yesterday arrested a man named O. M. Cresser, who is partially insane. Cresser has for some time resided in Minersville, now Thirteenth ward, during which time he has made threats to kill some of the citizens residing there, and also to burn down their dwellings. Yesterday Robert Barnett made an information before Mayor Blackmore charging Cresser with surety of the peace, he having threatened to kill deponent and his wife, and also to burn their dwelling. After a hearing the defendant was committed to jail for trial. He will probably be committed to some asylum for treatment.

A BRUTAL MAN STABBED BY HIS SON.—On Thursday of last week a farmer named Thomas, residing in Centre township, Greene county, commenced whipping his young child severely for a trifling offense. The mother interfered, when the brutish husband and father seized his wife and commenced kicking her in an outrageous manner. His son, a lad only fourteen years of age, came to the assistance of his mother, and assaulted his father with a large butcher knife, inflicting several dangerous wounds in the abdomen of his inhuman father. At latest accounts it was thought that Thomas would not survive his injuries.

INSOLVENT RELEASED.—Thomas Scandlin, who was convicted of felonious assault and battery in the stabbing of officer Noble, and who was sentenced to three months imprisonment in the county jail, and to pay a fine of one hundred dollars and costs, was released yesterday under the insolvent act. He served out his sentence of three months imprisonment, and also three months more, having been unable to pay the fine and costs. He yesterday claimed the benefit of the Insolvent act, and was released as stated.

NEW CHURCH.—We are glad to know that a movement is in progress for the establishment of a new Presbyterian church at Torrens Station, on the Pennsylvania Railroad, about midway between East Liberty and Wilkinsburg. A lot has been secured, a temporary structure erected, a flourishing Sabbath school collected, and arrangements made for the immediate erection of a Lecture Room. For some time a sermon has been preached every Sabbath evening at this point.

A BODY FOUND—WHAT BECAME OF IT?—Yesterday a boy called at the Mayor's office, hunting the Coroner, of whom he said he wished to learn something regarding the pay for the finding of a body at the Marine Railway. The boy stated that he had recovered the body of a boy in the Ohio river, at the Marine Railway, on Tuesday, which led to the item in the papers on Wednesday, supposing the body to be that of young Roupp, drowned at Birmingham on Monday. The lad was unable to tell what disposition had been made of the body, and the whole thing remains a mystery.

A LARGE FUNERAL.—The funeral of Mr. Frederick Saner, of the old Third Ward, took place yesterday afternoon, and was largely attended. Besides a large number of carriages and buggies containing the relatives and friends of the deceased, there were about three hundred members of the William Tell Lodge, I. O. O. F., the Solomon Lodge, A. Y. M., and the Hayden and Mozart Conclaves of the United Order of the Seven Wise Men, to all of which lodges the deceased belonged, in the procession. The body was interred in the German burying ground on Troy Hill.

ELECTION OF TEACHERS.—The School Board of Union township, which met yesterday afternoon, elected the following teachers: Piggale school—Principal, J. N. Petre; Assistant, Miss Jane E. Moore. Banksville school—Principal, J. T. Tuthill; Intermediate, Miss Jennie McQuillem, Primary, Miss Mary C. White. Shalersville school—J. Harry Hughes. The schools are to open the first Monday in September, and continue eight weeks.

IN A NEW PLACE.—F. H. Cooley, Esq., long connected with the reportorial corps of Pittsburgh, has assumed charge of the editorial department of the Brownsville *Clipper*. Mr. Hurd, the editor, having started on a "stumping" tour. Mr. Hurd is to assist in the great "revival" in Pennsylvania, and does not expect to be back at his post until September.

THE FIRE IN EAST BIRMINGHAM.—Fire Marshal Murphy yesterday afternoon continued the investigation of the origin of the fire in East Birmingham on Wednesday. That the fire was the work of an incendiary there is scarcely a doubt, but whether the building was maliciously or accidentally fired remains an unsettled fact.

United States Court—Judge McCandless.

In the bankruptcy branch of this Court yesterday petitions for discharge were filed by Benjamin S. Tripp, of Luzerne county; Frederick Krebbs, of Blair county; Joseph McFadden, of Lewistown Mifflin county; Jackson D. Stoneroad, of Pittsburgh; Peter H. Hellen, of Uniontown, Fayette county, and Jacob C. Northrup, of Allegheny county.

In the matter of S. B. Moore, bankrupt, an application was filed asking permission to withdraw his petition for adjudication in bankruptcy, an arrangement having been effected with his creditors. A general meeting of the creditors of petitioner was ordered to be held on the 10th of September.

Final discharges were granted and certificates awarded to Albert Conkle, of Pittsburgh, and Reuben S. Marsland, of Pittsburgh.

Alleged Public Nuisance.

Peter Goodenbaugh made information before Mayor Blackmore yesterday charging Wm. Flaccus, Sr., and William Flaccus, Jr., with maintaining a common and public nuisance. The information charges "that on the 6th day of August, in the Fifteenth ward of the city of Pittsburgh, a certain Wm. Flaccus, Sr. & Son, partners trading under the firm of William Flaccus & Co., did erect, set up, maintain, and continue to keep up and maintain a public nuisance, by throwing the water and filth from their tannery, on to the adjoining lots, filling up said lots and causing the said offensive matter to run thereon and under the adjoining houses to the injury of the tenants thereof and to the detriment of the public health." The defendants reside near the forks, formerly Lawrenceville, now Fifteenth ward. They were arrested and held for a hearing.

West Point Cadetship.

A board of gentlemen consisting of R. B. Carnahan, United States District Attorney, George S. Monro, Esq., and Professor Woods, of the Western University, met at the Western University on Monday, for the purpose of examining candidates to fill a vacancy that had occurred by resignation. There were nine applicants on Monday, and ten when the board met on Tuesday. Four of this number withdrew on Tuesday afternoon, and only six applicants were left on Wednesday. The applicants were examined in the ordinary English branches, and owing to the excellent manner in which all of the six acquitted themselves, it is quite a difficult matter to make a selection. A decision will be given on Monday next, and Gen. Moorhead will nominate the successful candidate.

The Twenty-Fourth Congressional District—No Nomination Yet.

The Conferees of the Twenty-Fourth Congressional District, embracing the counties of Lawrence, Beaver, Washington and Greene, met at the Monongahela House yesterday afternoon, and balloted ten times without a choice. The committee then adjourned until this morning at nine o'clock. Two hundred and eighty-five ballots have been taken thus far.

PERSONAL.

—John Allen, who objects to be called "The Wickedest Man in New York," says that he is bored to death by visitors who come to pay their respects to him and congratulate him on his determination to quit the business. He says he might as well give up as not, as the business is ruined, as that kind of people don't spend any stamps.

—An Irish bricklayer, named Jos. Simmet, living in a tent at Groton, Conn., was educated at Dublin University, and can read with ease Greek, Latin and Hebrew, and the other dead languages, and has a small library of such works with him. He has a family with him, and his wife is a very illiterate woman.

—A salary of $10,000 a year, payable in gold, with house rent free, has been offered to the Rev. Newman Hall, of London, by the First Presbyterian Church in Chicago, to accept its pastorate.

—Mr. Augustine Moreland, one of the oldest and most respected citizens of Cincinnati, died on Tuesday. He had lived in Cincinnati for forty-seven years, his recollection going back to its earliest history. He was a native of Maryland, and in the seventy-ninth year of his age.

HYDRAULIC

COW MILKER.

Wanted immediately all who are looking for business, to examine and canvass the HYDRAULIC COW MILKER, "a sure cure for aching hands and kicking cows." It milks the four teats of a cow at once. It imitates the Calf, draws and stops drawing to swallow. It will milk any cow dry in three minutes. It is operated by hand, dog, horse, or other power. One man can attend several Machines, milking as many cows at once. It is simple, durable and self-adjusting. Will fit any cow. Milks three teated cows as well as four. It is not easily worked, not liable to get out of order, and has proven by practical use to be more agreeable to the cow than hand milking. A rare opportunity is now offered to enterprising men, either to travel or locate in city or country. Call and examine for yourselves.

700 MILES OF THE UNION PACIFIC RAILROAD

Are now finished and in operation. One hundred and sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty-thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done. The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—THE GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to an amount equal to the issue of the Government bonds, and no more. The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which over *Eight Million Dollars* have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through business that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

Upon such a property, costing nearly three times their amount,

Are Secure Beyond any Contingency.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these Bonds, at the present rate, are the cheapest security in the market, and reserve the right to advance the price at any time. Subscriptions will be received in Pittsburgh by

Jas. T. Brady & Co., Corner Fourth and Wood streets.
S. McClean & Co., 75 Fourth street.
Hart, Caughey & Co., Corner Third and Wood streets.
Robinson Bros.,
Phil R. Mertz, Corner Fifth and Wood streets.

And in New York at the **Company's Office, No. 20 Nassau Street,** AND BY **John J. Cisco & Son, Bankers, No. 59 Wall street,**

And by the Company's advertised Agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised Agents.

COE'S DYSPEPSIA CURE.

COE'S DYSPEPSIA CURE!

"CONSIDERABLE MERIT."

[From O. O. Thwing, M. D. New Philadelphia, O.] NEW PHILADELPHIA, OHIO, Dec. 21, 1864.

MR. CLARK: I am acquainted with several persons who have used Coe's Dyspepsia Cure, and from their testimony I am convinced that the medicine possesses considerable merit. I should be glad to recommend it to my patients who may need such a medicine, and also to use it, when occasion may require, in my own practice; but our code of ethics, to which I freely subscribed, disallows me to use a medicine the ingredients of which I am unacquainted with. Most manufacturers of proprietary medicines do not hesitate to furnish their formulas to physicians, and if you are one of those, please send me your formula, and it is quite likely that it will lead to the sale of a few bottles, to say the least. I would suggest that it would be advisable to make depositories of the medicine in more places than you have in this State. There are many large, flourishing towns, where your medicine cannot yet be found, and where, I have no doubt, from what I know of the medicine, they would have a large sale. If you do not wish to have your complete formula known, please state the ingredients composing it.

O. O. THWING, M. D.

"A VALUABLE THING."

[From James M. Clark, Baldwinsville, N. Y.] BALDWINSVILLE, July 12, 1868.

GENTS: Allow me to say that, although, as a general thing, I have a pretty poor opinion of patent medicine, still I am disposed to regard your "Coe's Dyspepsia Remedy" as a valuable thing. From boyhood I have been troubled with the most terrible turns of sick headache that ever fell to the lot of suffering humanity, and, although I have swallowed almost ever known specific for this disease, none has ever seemed to permanently benefit me but this "Coe's Dyspepsia Cure." I have not yet taken quite a bottle, and since I have commenced its use I have not had even a symptom of the headache. This is two months since. Previous to that I usually had it at least once a week, sometimes twice.

Respectfully, JAMES M. CLARK.

"THE BEST ARTICLE."

[From T. J. Rand, Muskegon, Mich.] MUSKEGON, MICH., May 27, 1867.

Messrs. C. G. CLARK & CO.:

Having used Coe's Dyspepsia Cure, I can recommend it to all who are troubled with that complaint. It cured me after having suffered for ten years, and tried many other remedies without receiving any relief. I believe it to be the best article before the people for the cure of dyspepsia. Yours, &c.,

T. J. RAND, Banker, Muskegon, Mich.

"A PERFECT CURE."

[From J. H. Moulton, Battle Creek, Mich.] BATTLE CREEK, May 5, 1868.

Messrs. ANDREWS & GRANDINE, Druggists:

In reply to your inquiry as to results in using the bottle of Coe's Dyspepsia Cure we purchased from you, we take the first opportunity to state that having used it for indigestion, I can certify that in my case it has proved itself a perfect cure.

I most cheerfully and earnestly recommend it to every one who has suffered from the ravages and horrors of this terrible disease. Yours truly,

JOHN F. MOULTON.

"INSTANT RELIEF."

[From J. W. Niel, M. D., Delaware, Ohio.]

Messrs. CONNELL & CO., Druggists:

In reply to your inquiry as to results in using the bottle of Coe's Dyspepsia Cure we purchased from you, we take the first opportunity to state that, for a young man, I am an old dyspeptic, and have tried almost everything in the line of prescriptions and formulas, from physicians and books, and never found anything to equal Coe's Dyspepsia Cure. The first dose I took of the Cure, I felt almost instant relief, and went about my business in a happier mood than I had for years before. After finishing one bottle, I arrived at the happy conclusion that I was cured, and had it not been for my own imprudence in eating, I doubt whether the disease would ever have returned. I most cheerfully and earnestly recommend it to every one who has suffered from the ravages and horrors of this terrible disease.

Yours, truly, J. W. NIEL, M. D.

"VERY MODEST."

[From H. M. T. Smith, Dunkirk, N. Y.] DUNKIRK, N. Y., May 1, 1868.

GENTS—I inclose your circular. I know of two parties—wives of prominent citizens in this place—who have been greatly benefitted, if not cured, by the use of your Dyspeptic Cure, but they will not consent to the public use of their names. And thus the matter rests, with a steadily increasing sale.

Yours, respectfully, H. M. T. SMITH.

"REPUTATION GAINING."

[From Rev. Allen Crowell, Brookville, Pa.] LUTHERSBURG, PA., May 2, 1867.

Mr. JOSEPH FLEMING:

SIR—"Coe's Dyspepsia Cure" is gaining a reputation amongst our people. The medicine already used is having the desired effect. A friend wishes me to get a bottle for him, for which I send you $1. Send to my address, as soon as possible.

Yours, &c., Rev. D. ALLEN CROWELL, Brookville, Jefferson Co., Pa.

Is Your Disease Rheumatism?

Many persons supposing they are suffering from this disease, have applied Liniments, Plasters, and other Rheumatic Remedies without obtaining any relief, when in fact the cause of pain is a derangement of the Kidneys. These are small organs, but very important, and any obstruction or interference with its functions are indicated by pain in the back and loins, languor and weakness, difficulty in voiding and unnatural color of the urine. A Diuretic should at once be resorted to.

DR. SARGENT'S Diuretic or Backache Pills, Can be relied upon for these purposes; they have a direct influence on the cells of the kidneys, assists nature in relieving them of any foreign particles, and stimulates them to a healthy and vigorous action.

Dr. Sargent's Backache Pills, Contain nothing injurious, being composed of entirely vegetable remedies; they do not sicken nor gripe—on the contrary they act as a gentle tonic and restores tone to the system. They are recommended by all who have tried them.

THURSDAY EVENING, August 6, 1868.

The gold market is very strong to-day, and sold up to 150, the highest point it has reached for months. The daily volume of business in the New York market is reported to be large, and the prevailing disposition of operators is to buy, the general belief being that the premium will rise much higher within the next few months on commercial and political grounds, and in view of the limited floating supply of coin this is by no means improbable. The excitement attending the Presidential election is undoubtedly favorable to a strong gold market, and the preponderance of imports over exports is resulting in a steady outward drain of specie.

—Money continues in abundant supply to borrowers in good credit on satisfactory collaterals. In the East the supply is largely in excess of the demand at three per cent. on government securities. Erie stock is rejected as a collateral by nearly all the banks and private lenders. Just now credits and margins are scrutinized with some severity, as it is considered likely that the heavy break in Erie will result in failures, and lenders have lost confidence in the stock.

—The New York railway share market is improved in its tone, and many of the stocks have recovered the decline sustained by the break in Erie. There is evidently a better feeling, and confidence is gradually being restored.

The following table, made up from dispatches received at J. W. Kennedy's Stock Rooms, Apollo Building, No. 80 Fourth street, shows the prices of Railway Stocks, Gold, &c., at the various sessions of the New York Boards during the day:

[illegible]

—Governments are steady at yesterday's quotations. Many persons hold the opinion that a sharp upward movement in governments is only a question of time, and meanwhile the large dealers are buying up all the stocks offered by weak holders and short sellers, but it is fair to say that the supply from these sources is very limited.

Messrs. Ira B. McVay & Co. report the following quotations of Government bonds in New York to-day, as furnished them by Jay Cooke & Co., their correspondents:

PRODUCE AND GENERAL MARKETS.

OFFICE OF THE PITTSBURGH COMMERCIAL, THURSDAY EVENING, August 6, 1868.

We have very little change to note in our general markets, from those last reported, but the leaning is toward an improvement in trade. Flour is in better demand and prices are firm with an upward tendency, as stocks are reported very light, at least choice brands. The Pearl, City and other millers in operation, and are turning out large quantities of new wheat flour, at low rates. The wheat market is in a very unsettled condition at present, the only operators of any consequence being the millers. There is very little movement in any other kinds of grain. Prices are unchanged but the sharp advance in [illegible] and sugars.

The receipts of [illegible] produce per river and rail continue limited, [illegible] as follows: Flour, 735 barrels; cheese, 152 boxes; apples, 4 barrels; corn, 150 sacks; wheat, 400 sacks; oats, 400 sacks; butter, 29 packages; and bulk meats (loose), 100 pieces.

We quote as follows, which are the wholesale store prices unless otherwise noted:

BACON, LARD, ETC.—There is a good demand and prices are advancing. We quote sugar cured hams at [illegible]; shoulders [illegible]; rib sides [illegible]; clear sides [illegible]; dried beef 22c; lard in tierces [illegible] ℔, and mess pork ℔ barrel $30.

LARD OIL—Market firm at $1 45 for extra No. 1, and No. 2 at $1 25 ℔ gallon.

BUTTER—There is a fair demand for choice at [illegible] ℔ ℔.

EGGS—Prices nominal, ranging from 16c to 20c ℔ dozen, as to quality. Choice articles readily command the latter figure.

CHEESE—Market quiet and unchanged. We quote Western Reserve and Hamburg at [illegible]; Factory [illegible], and Swaitzer at [illegible].

POTATOES—Market dull with a liberal supply. We quote choice dull at $1 60 ℔ barrel.

APPLES—Sales of 40 barrels reported at prices ranging from $[illegible] ℔ barrel, as to quality.

GRAIN—The receipts of new wheat are liberal and prices are gradually drooping. We quote No. 1 red winter, bought by the millers, at $[illegible]; No. 2 at $[illegible], and No. 1 white wheat at $[illegible] ℔ bushel. Old rye is scarce and in demand at $1 [illegible] ℔ bushel, and new rye receiving at $1 25 ℔ bushel. Oats are quoted at [illegible] ℔ bushel, and some lots sold at [illegible] ℔ bushel. Old oats from store sells at [illegible] ℔ bushel. Corn is quiet and unchanged at $1 10 for mixed and prime yellow, with no favor in either. No movement in barley whatever.

FLOUR—There continues a firm demand for flour, and some advance on choice articles are asked. The brands of flour in the market are so numerous that it is difficult to give the qualities with a correct quotation. We quote all the brands in the market, and all dealers decide for themselves. From store we quote choice white winter brands at $[illegible]; choice red winter $[illegible]; choice spring $10 00 and medium grades $[illegible] ℔ barrel. The following are the Pearl Mill prices for fresh ground articles, which quotations are the same for all our mills, viz: Double extra, wholesale in barrels, $11, and retail $[illegible]; wholesale in sacks by the barrel, [illegible], and retail $[illegible]; extra family flour, wholesale in barrels, $[illegible], and retail $[illegible]; wholesale in sacks by the barrel, $[illegible], and retail $[illegible].

PITTSBURGH WOOL MARKET.

OFFICE OF THE PITTSBURGH COMMERCIAL, THURSDAY, August 6, 1868.

Since our last report we hear of considerable activity in the wool trade, with quite a number of buyers in Washington and Allegheny counties. In the eastern markets wools have been selling very freely, but no particular advance in prices has yet taken place. In the adjoining counties buyers seem to be paying about the same prices as last week, and are occasionally for fancy clips as high as the wools have been paid.

We understand the clip of Ohio has been nearly all taken up and shipped eastward, and the same is the case of other Western States. We quote low and medium wool [illegible]; ½ and full blood [illegible]; tub washed [illegible].

HOPS.

The New York *Shipping List* reports the market quiet, with very little doing. The stock offering is chiefly of inferior grades, and consumers hold off, as the prospects of the growing crop are so very fine. [illegible]

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH COMMERCIAL, THURSDAY, August 6, 1868.

CATTLE—The market contained an abundant supply of cattle, with a good supply of retailing cattle, larger than the previous week. The market, taken as a whole, was not a very good one, particularly for drovers, whilst the rates were not equal to last week. Eastern buyers were not on hand, so that the butchers had but little competition. All things considered, the principal portion the sales were below last week's figures. The following were the current prices: Good fat cattle ranged from $7 25 to $[illegible] ℔ cwt. A single car load of extra fat steers was sold for shipment at $8 00. The highest price paid by butchers was $7 75, and only a limited quantity at that figure. Medium ranged from $6 00@7 00; stock cattle $4 50@5 50; Bulls $3 00@3 50. Fresh Cows dull at $30 00@70 00 ℔ head. The sales for the past three weeks were as follows:

August 6	987	$3 00@7 75

Being an increase of sales of 172 head.

SHEEP AND LAMBS—The market was largely supplied this week, causing a dull market and a decline in prices as compared with the previous week's operations. A single lot was disposed of at $5 ℔ cwt. The Price of Flour.

ALLEGHENY, August 6, 1868.

To the Editor of the Commercial:

We observe in your paper of this morning a notice headed "An Interesting Article," calling attention to a report of the Wheat and Flour market furnished by T. C. Jenkins.

As this report may have a tendency to mislead the community, we notice it. He says: "Unfavorable reports from nearly all sections of the country are causing a general advance in wheat. The quantity is falling far short of general expectations and the quality in many sections is inferior, and from general indications now, low prices of wheat or flour can not be looked for this season." "Flour from New York is not in demand yet," quoting fancy white wheat flour $11 50; choice white winter flour $11 00. Now, Mr. Editor, we don't know how Mr. Jenkins gets his information, but we have a very good opportunity of ascertaining the facts, as we have two persons constantly traveling and buying wheat, and we have letters from nearly all sections of the country, and complaints are made but from one single district, viz: Memphis, Tenn., of little importance to the grain market. We have most favorable reports from nearly all sections of the country, and the crop is very large, quality in most sections superior.

We have been grinding principally new wheat since the first of July, and the demand has been very *large*. The community should be very cautious in receiving the reports of interested speculators. If any responsible party desires to purchase at a lower rate, we will be glad to furnish it. Produce of every kind is entirely too high, and will certainly decline. Our present prices are, Pearl Family, blue brand, in barrels by wagon load, $10 95; Pearl, red brand, $10 45.

H. KENNEDY & BRO., Pearl Steam Mill, Allegheny.

Iron at New York.

Scotch pig is in very limited request, but, with a further advance in the gold premium, holders are firm, and the tendency of prices is in their favor. The supply on dock is small, and that in yard is estimated at about 10,000 tons mixed brands. The sales are 300 tons Glengarnock, to arrive, at $33, and small lots from yard at $45 for Coltness, $[illegible] for Gartsherrie, $[illegible] for Glengarnock, and $[illegible] for Eglinton. American is steady, No. 1 being scarce and firm; sales have been made of 200@300 tons No. 1 at $[illegible]; 150 do No. 1 Allentown, $42; 100 do No. 1 at Hokendauqua, $42; and 500 tons No. 2 on private terms. By private letter from Philadelphia we learn that several thousand tons of Grey Forge and White have changed hands at $[illegible] for the former and $[illegible] for the latter; 1,000 tons No. 1 Foundry held at $[illegible] for August and September; 400 tons Scotch (Eglinton) also sold there at a private price. We have only to notice besides 50 tons old T rails at $47; and 38 do old double headed at $47 50.—*Shipping List.*

New York Dry Goods Market.

NEW YORK, August 6.—Dry Goods—The rapid advance in gold during the week has a tendency to impart a buoyant tone to the market for all imported fabrics, but its effect is not yet seemingly felt, as the demand is not active enough among the jobbing trade; there is a good business among commission men, however, in heavy and fancy woolens adapted to the season. Shawls, balmorals, flannels, blankets, black and colored in pairs, and all goods of this class are in good enough request, and prices sufficiently low to impart confidence. Kay's woolen shawls, for instance, which sold at $3 50, gold before the war, are now selling at $3 75 currency, with larger discounts. The result is a great rush for these goods, which are likely to advance. In cotton goods there is not much doing, and singular to relate, the market for the raw material is weak, notwithstanding the rise in gold; but as goods are not abundant, and as cloth is relatively low, there is little or no room for a reduction, whereas a more animated demand would be likely to lead to an advance in prices.

Cincinnati Market.

CINCINNATI, August 6.—Flour unchanged. Wheat irregular; no old in market; new selling according to quality by sample at $1 75@1 95. Corn firmer, ear 90@98c; shelled 95@98c. Rye advanced to $1 27. Bulk meats firmer; shoulders 12½c; sides 14½c to 16½c; shoulders 13½c; clear rib sides 16½@16½c, and clear 17c; there is fair order demand for shoulders, which are in light supply. Lard is held firmly at 19c for best; 18½c is the best rate offered. Butter steady at 35@38c for fresh. Eggs declined to 16c. Hay very dull, the supply exceeding the demand, at $12@15 per ton, according to quality. Linseed oil steady at $1 05. Petroleum 33@35c for refined. Gold 148 buying. Money market easy at 9 per cent.

RIVER NEWS.

STEAMBOATS BURNED.—The following steamboats laid up at the Eureka Dock, Cincinnati, were destroyed by fire on Thursday morning: Ezra Porter, Pine Grove, Delaware and Potomac. The fire originated on the Delaware, and is said to be the work of an incendiary. The Ezra Porter was insured in this city in the following offices: Eureka, $5,000; Western, $4,000; Boatman's, $4,000; Pittsburgh, $4,000; Citizens, $4,000; M. & M., $4,000; total $25,000. The Delaware was also insured in the Western for $3,500; Citizens, $1,500; Monongahela, $2,000. Total $7,000. The Potomac was owned in Wheeling, and the Pine Grove in Cincinnati.

THE RIVER.—The marks last evening indicated three feet ten inches, and falling. There is, however, at least four feet six inches in Glass House.

THE J. N. McCullough withdraws from the mail line to-day, and leaves for Pittsburgh this evening.

CAPTAIN FRANK DAVIDSON returned from Pittsburgh yesterday.

THE machinery of the Amazon has been recovered by the wrecking boat Salvor No. 2.

THE steamer Ida Rees was announced to leave Cincinnati for this city on Wednesday.

CAPTAIN A. P. KERR, of the Attakapas river packet Muta, brother of Captain Wash. Kerr, of the Robert Moore, was in the city yesterday.

OMAHA, August 3.—Weather pleasant and moderate. River falling slowly. Columbian arrived from St. Louis this morning.

HELENA, August 3.—Steamer Ackley arrived on the 28th. There is three feet of water on Dauphin's rapids. River falling.

ST. JOSEPH, August 3.—River falling. The Nile is down and the W. J. Lewis came up yesterday. The Mary McDonald Goes down to-day. Weather clear and cool.

WE notice by the Memphis papers that the ancient John D. Perry is to be fixed up once more and placed in the Memphis and White river trade this fall.

LOUISVILLE—BOATS IN PORT.—City Wharf—Norman, Pink Varble, Captain Sterrett's new boat, Bermuda, Falls City. Shippingport—Pheytona, Lena, St. Mary's, Rose Hite, Palestine.

A DISPATCH was received at St. Louis announcing the sinking of the steamer Jennie Baldwin above St. Louis. The Baldwin was a good sternwheel boat, worth fifteen or twenty thousand dollars, and, we presume, were fully insured.

A CAIRO dispatch to the General Freight Agent of the Atlantic Line, received yesterday, announced that there would be five hundred tons New Orleans freight at that point, after giving the Bismarck all she could swim under.

"FORT GIBSON" is the name of Capt. John Woodburn's new Arkansas river packet. The hull is 150 feet long, 30½ feet beam, and 3 feet hold; draws light 4½c inches. When completed her draught will not exceed 10 inches. She is intended to run in places a little damp.

CINCINNATI.—Wednesday's *Enquirer* says there is an unusual array of steamers at the wharf for this season, announced for various points. An unusual degree of activity, however, was not observable, we are sorry to say. There is a good deal of freight for New Orleans, but shippers are holding back expecting a considerable reduction of rates in consequence of the rise in the river.

A CANAL BOAT, propelled on a new principle, has been placed on the Erie canal, and attracts some attention. The propelling power is a wheel in the center of the boats which is arranged something like the driving wheels of a mowing machine. The wheel rests upon the bottom of the canal, and is fixed upon a frame which allows it to rise and fall according to the depth of the water. The speed is about twice as much as by towing. The boat creates no swell, and from the shore it was impossible to tell where the motive power was applied.

ST. LOUIS.—The *Democrat* says: River declining three inches per day. To Cairo there is eight and a half feet water and tending downward; to Keokuk, 4½ feet; in the Missouri, 3 feet; and in the Illinois, 3 feet, and all going down. Receipts increasing; business good. Weather cool. The bars at Osage and S. Aubert, are found to be the lowest water below St Joseph.

On account of the present difficult navigation in consequence of the low water, which is still steadily receding, the Northwestern Union Packet Line, the Northern Line, and the Keokuk packets, have been compelled to advance their rates on freight between St. Louis and Keokuk, to the following figures: Up stream, heavy freight, 12½c per 100 lbs; dry goods, 15c per 100 lbs. Down stream freight—Grain, 12½c per 100 lbs; hay, tight, 15c per 100 lbs; tobacco per hhd, $2; highwines, 40c per bbl; pork, 30c per bbl; flour and apples, 25c per bbl. Cattle and stock, 10 head or more, $2 each; less than 10 head, $2 50 each; single head $3; hogs, 60c each, and sheep 30c each. Passage to Hannibal, $3; Quincy $3 50; Keokuk, $4 50; Burlington, $7; Muscatine, $8, and Davenport $9. These rates will go into effect on the 5th inst., and will be uniform on the boats of the various packet lines above mentioned.

The St. Paul *Dispatch* says the Caffray has dredged good channels on Pig's Eye, Gray Cloud, Beef Slough and other bars, and besides pulled out over 100 snags.

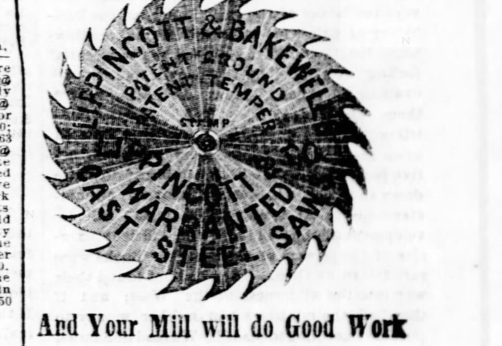
GET A GOOD SAW,



And Your Mill will do Good Work

Our Saws are Oil Tempered, Patent Ground, made to Run well.

You will find each Saw of one temper, no hard and soft spots in the same saw.

We accomplish this by our Patent Tempering Process, and you can not get this from any other saw maker, as we own the patents for the United States.

We do not claim to make a cheaper Saw than any one else, but one that will run at the word *go*, and will give no trouble, and will keep round longer; because being uniform with temper, it will not wear on one side faster than the other.

We invite correspondence, or an interview with the practical man of your firm.
